

Basingstoke Bluefins Training Fees for season commencing 1 September 2011

The squad fees for next season were agreed by the committee at their meeting on July 12 2011.

Fees for all squads, except Water Polo, have been raised in line with our inflation expectations and squad membership projections. The Water Polo fees have been held at last year's rates due to the increased numbers in those squads. If membership numbers fall we may have to revisit the decision!

The fees for the Young Achievers squad has been increased by more than inflation as their training time has been increased by 10%. The extra training time for the Youth squad announced in April will continue for next season and the training will now be at a Basingstoke pool – their fees will therefore be the increased amount (£85) plus inflation. Swimfit Masters fees have been increased by more than inflation to reflect the changing membership pattern within the Masters section and the cost of providing the training flexibility to the Swimfit Masters squad.

Last year we collected the ASA fees as a separate payment in the early part of the year. This proved to be an administrative nightmare! We have therefore decided to collect the ASA category 1 membership fee by a £1 levy on the monthly training fee. This means that all members of the club will be covered by the ASA insurance during their training. Members of the club who wish to swim competitively will have to pay Category 2 membership. This will be collected in a single payment of the published ASA Category 2 fee less £12. Members will be notified of the amount when it is known, together with the collection arrangements.
